

# FLEX 2000 BENCHES

*LEP's Flex range reflects our flexible approach in meeting each of our customers individual requirements. Each Flex benching system incorporates the following features:-*

- Efficient design layout • Aesthetically pleasing*
- Trespa panelling: which is impervious to water & most common chemicals*
- Vibrant modern colour range • Non corrodible components*
- Excellent durability & longevity*
- Complete fitting service • Low & easy maintenance*
