

PRISON & DETENTION ENVIRONMENT FURNITURE

For prison & detention centre environments LEP use Trespa Athlon FR Grade to Class 0 fire classification, BS476 Parts 6 & 7. Trespa carries a 10 year guarantee, and is impervious to wet, moisture & most common chemicals. The material is hard wearing, durable, and highly vandal & graffiti resistant, is very low maintenance, clean, safe & hygienic. LEP interface with solid surface sanitary-ware manufacturer on projects as required

- Detention Centre Corner Bed & Between-Walls style Beds. c/w Under-Bed Storage Locker facility (inset).
- Bed Supported/Wall Mounted Double Desk

• Desk Unit - c/w half-depth knee area underneath (optional)

- View: Storage and (anti-ligature) Clothes-Hanging Unit, Corner Bed, & Desk
- Detail of Bed Top All joints are screwed, glued and Trespa plugged

• Refurbishment of Victorian vaulted ceiling prison cell to incorporate: WC Cubicle; Vanity Unit; Service Riser and Bulkhead

LEP have an extensive and ever growing range of furniture and equipment suitable for prison and detention centre environments. We have a comprehensive range of existing modular designs available to meet both standard cell and safer cell applications. Bespoke furniture can also be readily and economically designed and manufactured via our fabrication processes in order to meet each establishments individual and exacting requirements.

All Equipment Features:-

- Trespa Solid Resin Board Panelling
- Anti-ligature designs where applicable
- Epoxy Joint Sealing (where required)
- Full Fitting Service
- LEP can also provide or mechanically install safer cell sanitary wear as part of our scope supply

Range of Equipment Includes:-

- Corner Beds / Between Walls Beds
- Bunk Beds / Bunk Bed Steps
- Desks / Wardrobes
- Shelves / TV Cabinets
- Modesty Screens / Overcladding
